About JWU

Learn to live, live to succeed: these were the words of wisdom of one of the founding fathers of James Wisconsin University. Bruce Clarkson, the founder of JWU, in early 1990’s worked hard to establish a leading educational institutions. With its global presence, consisting around 30,000 students all over the world, JWU is fast becoming a leader in the education field by providing high quality educational programs, both in its affiliated campuses as well as online studies.

With its efficient system of education, JWU educates even those who are not able to physically attend the classes. Virtual classes are proven to be efficient as well as those on campus. Wide offers of undergraduate, postgraduate as well as PhD programs are waiting for you. With JWU you will experience knowledge beyond the borders. We guarantee satisfaction, joy and success. JWU is welcoming young minds, willing to grow, as well as working adults, willing to enhance their careers and improve knowledge.

President’s Message

Dear students,

With its previous achievements, James Wisconsin University become an internationally orientated university. Due to its dedication to the students, JWU has established itself as a well-known and highly reputable institution.

We have a clear vision, which leads all members of JWU, staff as well as our students. We believe that learning is a lifelong process which never stops. JWU is welcoming highly ambitious students for undergraduate as well as postgraduate programs. In addition, our partners have always encouraged and supported our work and commitment for studies and research programs.

It is my honor to stand in front of JWU and to welcome all prospective students to our family. I invite all of you to join and experience learning beyond borders. In coming years, JWU will be committed to the goal of achieving international recognition by becoming the leader in providing online learning studies.

Best Regards,

Bruce Clarkson
President, James Wisconsin University
Prospective Students

We offer a wide range of undergraduate, postgraduate and PhD programs. JWU programs are made successful by:

- Students willing to learn
- Working adults willing to improve their skills & knowledge
- Companies and employees who need professional trainings

Open Courses

JWU offers learning beyond borders. With us, you will experience joy and satisfaction. Besides Undergraduate and Postgraduate studies, JWU offers a new experience of open courses. Open Courses are available for everyone, for students who want to gain additional knowledge as well as working adults who seek additional improvements.

Tailor Made Courses

Whether you are mastering in business or engineering, JWU provides training and leads your needs and capabilities. We suite our training programs according to the demands of our clients. Whether you are an individual or employees of a company, we provide tailor-made courses for everyone.

Individual Career Management (ICM)

JWU takes care of your career even after your graduation. We assess your skills, improve them and manage your personal development plan. With our simple plan, we have guided many of our students who are now successful in their fields.

JWU Communities

At James Wisconsin University, you will have the opportunity to connect with your classmates and instructors in the same way you already stayed in touch with your friends, family and co-workers. By incorporating popular social networking sites into the many ways our students can access our community. JWU made it possible, to make education an active, unique as well as convenient part of your everyday life.

Why JWU?

Invest In Your Future

JWU has enrolled many employers in order to provide their employees with an opportunity to continue their education online. JWU offers more than 80 programs and degrees, designed to provide the knowledge and skills necessary to take on new challenges, open career paths and enrich lives.

Achieve Your Professional & Personal Goals

JWU provides on-campus classes as well as online studies. JWU brings the classroom into your home, on your schedule with experienced professors and innovative programs. JWU offers degrees in business, management, IT, Criminal Justice and many other area of studies, with real-world curricula and courses designed to be relevant to your career path.

Your Degree May Be Closer Than You Think

If you have been enrolled into previous courses, corporate training or you have working experience, it may be transferred into credit hours, giving you a head start to your online degree. Many JWU students are eligible for financial aid, and if your employer is a member of JWU’s association, you may be eligible for a tuition reduction.
Financial Aid

In order to qualify for the James Wisconsin Financial Aid, you should have the following:

Your Estimated Award Letter

After you have obtained your high school or diploma certificate, and submitted your results to us, this first step will determine whether you will be a part of JWU’s financial aid award. You should also submit a letter of recommendation, whether from your previous place of study or your company. After we review and approve these documents, we will help you to receive your final estimate approval quickly, so you can continue with the financial aid process.

Financial Aid Entrance Counseling Quiz

To be eligible for financial aid, you must complete the Entrance Counseling tutorial and quiz. This quiz is placed in the JWU online application, and can be taken when you are completing your enrollment documentation.

Motivation Letter

Now when you have all the required documents, you are on the way to earn a JWU scholarship. All financial aid-seeking students must complete a motivation letter by writing more about themselves, their aims, and why they have chosen to study at JWU. Each student must submit complete documents before they can receive financial aid.

Distance Learning

What We Provide

JWU’s online education reduces the obstacles of time and distance for working adults who are not able to become full-time students. With our solution, school is always open; you can log into your classes on evenings or weekends. JWU’s working adult programs originated as an opportunity and out of necessity as well.

However adult learners differ from each other in important ways starting from lifestyle preferences, educational goals and career priorities. Nowadays, more and more adult learners are turning to online education in achieving their career goals or simply staying competitive in their current fields. Whether to change your career or improve current skills, JWU offers valuable and efficient solution.

Virtual Classes

JWU’s quality online courses are available as traditional educational tracks, from online degrees in business subjects to certification in technical and mechanical specialties. You can attend virtual classes while still managing family obligations or working at your current job. Even professionals with years of experience need to improve their skills and learn new ways of doing things. The reasons are changes in workplace and technology which makes performing many job tasks different than before. With JWU’s virtual classes, you can save time and enroll into a variety of courses, from Internet Technology, Business, Engineering, all the way to improving your skills to compete in a demanding market with newly trained university graduates.

How Does Distance Education Work?

Distance education vary from traditional classroom-based education in that it allows a student to complete courses and programs without attending already scheduled group classes in a one location, such as a university campus. If you are JWU distance education student, you can:

- Work from anywhere, such as your home or workplace.
- Work at your own pace, on a schedule that suits your individual needs.
- Register for a single course or enroll in an undergraduate/graduate degree, diploma or certificate program.

Internship, Mentorship & Job Offers

James Wisconsin University encourage various recruitment consultants, human resource managers as well as corporate recruiters and business executives to post their internship and job offers on our Student careers intranets, sending the form below or their job description by email.

The JWU mentorship program connects adequate MBA and Masters Students with local and international business leaders who volunteer to share their knowledge and experience with program participants.
